

Sponsorship Opportunity of the ISA TEXAS

Women's Tree Climbing Workshop - for women, taught by women.

This will be our third women's tree climbing workshop and it is designed for women who have never climbed trees before as well as those who have prior experience and want to improve their ability. Come learn a new skill or improve your foundation in a safe and positive environment. This two and a half-day event was specifically created for women by women climbers, who are or have worked in the tree care industry and have competed in tree climbing championships.

Interested in sponsoring this year's ISA Texas Women's Tree Climbing Workshop? Your sponsorship will help offset registration fees to minimize the barrier of entry. Your support will help cover instructor travel costs, lodging, food, and utilizing and shipping of a diverse selection of climbing gear. Your sponsorship will also provide ISA RMC the opportunity to offer scholarships to participants in need.
